Pilikula Biological Park, Mangalore.
International Tiger Day - 2020

Global Tiger Day is celebrated every year on July 29th as a way to raise awareness about this magnificent but endangered big cat. The day was founded in 2010, when the 13 tiger range countries came together to create Tx2 – the global goal to double the number of wild tigers by the year 2022. The goal of the International Tigerday is to promote a global system for protecting the natural habitats of tigers and to raise public awareness and support for tiger conservation issues.

The annual day is celebrated with the slogan "Their survival is in our hands".

In the eve of Global Tiger Day 2020, Pilikula Biological Park is organizing online competitions due to Covid-19 outbreak.
